*War businesses and warships from across the globe are descending on Auckland as part of the Defence Industry Association's Weapons Expo and the NZ Navy's 75th Birthday Party.*

## **NO Weapons Expo! NO Warships!**

On November 16 & 17, Auckland is hosting an international weapons expo at the ANZ Viaduct Events Centre. The expo is the annual New Zealand Defence Industry Association conference. It is sponsored by Lockheed Martin, the world's largest weapons manufacturer and a maker of nuclear weaponry. More than 550 companies are coming here for just one reason: to profit from endless wars, conflicts and disasters.

On November 18, warships, aircraft and soldiers from nuclear-armed navies across the planet will sail into Waitematā Harbour to show off their war making and military killing skills. They will parade around promoting warfare and killing as normal and necessary. They are not. New Zealand should not be spending billions of dollars on planned militarism and wars. Let us plan and invest in the work required to prevent violence, war and militarism for a more peaceful and just world.

Auckland Peace Action is planning a range of events to oppose the weapons expo and the warships visit. This November, get involved and take a stand against war profiteering—come to the weapons blockade, protests and flotillas in Auckland.
